

Minchah Prayer 01-10-18

Father, thank You for rain water, that peculiar substance which falls from the sky, penetrates and soaks and dissolves even the hardest of earthen things You have created.

It carries with it what is needed to nourish, delivering it with its soaking presence and carrying away what is not needed.

It rinses and leaves clean.

Father, thank You for "Living Water",

flowing from You, penetrating and dissolving even the hardest of hearts, providing everything we need to be nourished and grow into being like You.

It rinses and leaves us clean.

Fill us with It and may It flow from us as well.

Blessed are You, Father.

In Yeshua's name we pray,

Amen.
